

LUCIE, ANIMAL HEALTH TECHNICIAN

Graduated from Cégep de Sherbrooke in 1986, Lucie joined Mountainview in 1993. From the very beginning, she has been comforting and taking good care of our huge 4-legged family, not to mention that of her co-workers.

She is definitely the reference person in our team for questions about behavior or nutrition.

You can often see her dog, Ivie the Boxer here at the clinic as she comes to work with her.
