

WANDA, ANIMAL CARETAKER

She is part of our team since January 2018 and she is an additional asset for Mountainview.

With her nice personality, her joy of living and interpersonal skills, Wanda makes everyone happy. She ensures that the clinic is clean, smells good and where it is good to work. She is very caring with all the members of our team, she definitely has a real maternal instinct.

Having a boston terrier herself, she has a soft spot for this breed of dog!
